We understand that two negroes engaged in a row at Mt. Pleasant hurch last Sunday, when one of them was seriously staboed. We did not learn their names.

Ike Lewis has refurnished, repainted and rejuvenated the Bank Exchange so handsomely that you would hardly know it. He has made it the finest saloon in town, and says he keeps liquor to match.

Edwards & Shepherd have something new and useful that ought to be in every house. Alabastine, advertised in our locals, has been used by a number of our citizens, and it gives perfect satisfaction. It is the cheap-

est and best. A Greenfield horse-swapper, while trying to work his horse to a buggy in Trenton last Monday, got mad and struck the animal on the head with a stick, killing him instantly. The horse was worth about fifty dollars. Rather an expensive blow.

Clarksville Chronicle: In addition to the proposed canning establishment, Milan is going to have a fruit "evaporator." These industries will place Milan well forward in development, and in the lead of the fruit interests of West Tennessee.

No news from the projectors of the canning establishment has been received this week: but it is thought they will certainly send us favorable word in a few days. Our people are becoming anxious for work to begin at once, so that they may immediately plant a large area in vegeta-

Until ten o'clock at night it was thought he would recover; but at that hour he relapsed into a worse condition and could not be saved. He died about five o'clock Wednesday morning. He leaves a wife and two children to mourn the loss of a kind and loving husband and father.

The people weep, laugh and won-der at my astonishing low prices for pretty good goods. My profits are good enough, and I am glad the peo-ple call them cheap. This all comes adout by close attention to one line of pusiness. I know what suits and make prices accordingly. I am as happy as a big sun flower, and you will all be happy as long as you constinue to trade with me. TOM HARRISON.
